

LEAP Math Placement Info

Placement Codes

No placement The student did not take the math placement test, and did not show any indication of having an interest in math.

Recommendation: No math course Fall semester, possibly MAT 217 Applied Stats in Winter depending on major.

MAT111 The student is ready to take MAT111 Calc with Review.

Recommendation: Depending on major, MAT111 or delay AFR choice.

MAT121 The student is ready to take MAT121 Calc I.

Recommendation: Depending on major, MAT121 or delay AFR choice.

MAT121+ The student scored particularly well in the placement test, and would qualify for starting beyond MAT121, with MAT122 or higher, should they choose to.

Recommendation: Student encouraged to pursue math further. Discuss with math department member whether to start at MAT121 or MAT122.

see dept The student either indicated that they did not have pre-calc knowledge, or performed poorly on online placement test.

Recommendation: If student is interested in taking Calculus, they should consult a math department member. Otherwise, delay AFR choice.

Winter Course times

MAT112 Calc with Review (cont) TR 8am-10am. Students who take MAT111 in the Fall should avoid Great Works at that time.

MAT122 Calc II MTWF 10am-11am. Students who might want to consider continuing with Calc II should avoid Great Works at that time.

MAT221 Calc III MTWR 1pm-2pm. Students starting at Calc II who intend to continue with Calc III should avoid Great Works at that time.
